The committee, after due deliberation, brought forward the following report, which was signed and agreed to by every member of the Council:

> ROBBERS REPULSED .- Yesterday norning about one o'clock, and just after he had returned home from his labors in the INTELLIGENCER Office, the residence of Mr. Robert H. Silvey, in North Wheeling, was attacked by three persons who seemed determined to effect an entrance. The rascals were foiled in their attempt through the vigllance of Mr. Silvey. They were promptly met at every point of attack, and a pistol shot or two caused them to beat a hasty retreat. One of them was noticed to throw his hands up to his head as he was running away, just after the last shot, and it is extremely probable that he carried off something that was not down in the programme he had made out. This is the surest and about the only mode of ridding one's self of the depredations of these midnight prowlers. They usually have a wholesome dread of powder and shot, and we would recommend a vigorous application of the remedy so effectually used by Mr. Silvey on the occasion referred to.

She took about ten ounces of it, and got well. "J. R. Clarke, Esq., editor of the Manchester bally Mirror, made a trial of the same preparation in the case of a severe cold and was cured immediately. He wasso highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he finally pursuaded me to give it a name, and send it abroad to benefit the suffering. In November, 1855, I first advertised it under the name of white Pine Compound. In two years from that time there had been whole said in the cough remedies in a time.
